

ATTENTION ALL RESIDENTS, BUSINESS OWNERS, AND VISTORS

GREASE OILS & FATS

WHAT YOU CAN DO TO HELP

NEVER: Never put oils, liquid or solid greases, fatty meat, or other food scraps down a drain, even if you have a motorized garbage disposal. Never use hot water to melt grease so it will go down the drain easier. Never flush paper towels, tampon applicators, cotton swabs, matchsticks or similar items down the toilet.

ALWAYS: Always keep grease out of your dishwashing water by scraping dishes before washing. Always remove solidified grease from kitchen utensils, equipment, and food preparation areas with scrapers or paper towels. Dispose of scrapings and paper towels in trash cans. Always allow grease to solidify, and then dispose of it properly. Always dispose of household liquid grease and oils in tightly capped containers then put them in the garbage. Always place all food scraps in trash collection containers. Always recycle restaurant grease by using a contract rendering service and have grease traps cleaned and serviced frequently.

REPORT: Report trucks discharging liquids or other substances into municipal sewer manholes. Report acts of vandalism on manholes, sewer lines, and lift stations. Report overflowing manholes or pump stations. Report all illegal dumping into manholes, drains, or toilets.

Report all incidents and concerns to The Town of White Lake 910-862-4800

DO N'T FEED THE GREASE GOBLIN !

The GREASE GOBLIN Causes Sewers To Overflow.

The
GREASE GOBLIN
Your drain's worst enemy!
